Behind the Scenes

-Meet your Host and Co-Founder
Director of Inmate Services
Micheal (Taahir) Prather-

It was a true honor for TIMELIST GROUP INC. to share this night with family and friends. We had great guest speakers that gave lots of financial information as they spoke throughout the night.

The host of the event was co-founder/director of inmate services Micheal Prather (Taahir). The night was sincerely one to remember. We also enjoyed a wonderful meal, listen to music, had a nice poet deliver some poetry to us.

We ended the night with our family, guest and friends being able to introduce themselves. Timelist Group Inc. would truly like to thank everyone that came out to experience this event.

Survivors Speak California was exhilarating!

Over 600 survivors and loved ones from all over California came together to call for **safer policies that help victims heal and end cycles of crime**. We honored loved ones lost to violence, laughed, cried, and even danced.

#More Than Enough

This year, NAMI is celebrating Mental Health Awareness Month with the *More Than Enough* campaign!

It's an opportunity for all of us to come together and remember the inherent value we each hold — no matter our diagnosis, appearance, socioeconomic status, background or ability. We want every person out there to know that if all you did was wake up today, that's *more than enough*. No matter what, you are inherently worthy of *more than enough* life, love and healing. Showing up, just as you are, for yourself and the people around you is *more than enough*.

No matter what your diagnosis is, you are worthy of love, you are worthy of acceptance, you are worthy of fulfillment. You are #MoreThanEnough.

REMINDER: Your worth is not measured by your productivity. You deserve love and healing just as you are. You are #MoreThanEnough.

If all you did was wake up today, you are still #MoreThanEnough!

If someone you love is going through a hard time, you don't need to have all the answers. Just being there is #MoreThanEnough. Learn more with @NAMICommunicate at nami.org/mhm Mental health affects ALL of us. Help us get the word out and start the conversation today! Visit: nami.org/mhm **YOU ARE NOT ALONE!!!**
